Two Killed in Freak Accident

FREAK DAYLIGHT CRASH of auto, trailer and passenger bus on main Alberta highway yesterday afternoon instantly killed driver and passenger in this car, injured bus driver and three bus passengers, and sent all three vehicles careening to ditch. Death car pulling trailer, heavily loaded with farm machinery, was wrecked.

2 Killed in Collision Of Automobile and Bus

Crash of a car and trailer with a loaded passenger bus took two lives and injured four other persons on No. 2 highway yesterday.

Dead are:
David Kerstens, farmer of Midnapore;
Lewis Albertson, 60, of Calgary, formerly of Crossfield.

Slightly injured were:
A. Penner, Wetaskiwin;
Mrs. W. L. Day, Edmonton;
William Brown, Calgary, driver of the bus.

Kerstens and Albertson were killed instantly when the force of the impact partly threw them from the car which Kerstens was driving. The three injured passengers in the bus and the driver were treated for minor injuries in a Calgary hospital.

The highway tragedy occurred near Crossfield, about 34 miles north of Calgary, when Kerstens was driving his car equipped with trailer on No. 2 highway.

As the car and trailer were almost abreast of the northbound passenger bus, the trailer swerved first towards the ditch and then to the east in the path of the bus.

HURLED ACROSS ROAD
The trailer dragged the car with it, hurling the car broadside across the highway where the bus crashed into it before the bus driver could stop.

In the smash the trailer was broken from the car and careened down the road for about 80 feet. The car, entangled in the bus, was carried 80 feet in the opposite direction and rolled into the ditch. The bus careened into the opposite ditch.

The road surface was wet with melting snow at the time of the crash.

Star's ambulance took the injured bus passengers to the General hospital in Calgary where they were treated for superficial injuries.

Kirsten Flagstad Concert Picketed
LOS ANGELES, April 24 (AP)—A Kirsten Flagstad concert at the Philharmonic auditorium was picketed yesterday by about 100 chanting marchers. Some carried protest signs and a statement they issued said the pickets are members of the Los Angeles committee of musicians. The protest against the Norwegian singer was the same as in previous demonstrations where—this time allegedly had wrong time—Nazi sympathies.

WIN SERIES 4-3
The dramatic Flyers gave Detroit the best-of-seven series, 4-3, and clinched a three-year quest which saw them get into the championship final twice only to lose out.

DETROIT, winners of the National Hockey league championship for the past two years, bowed to Toronto in 1946 and 1949 but knocked Leafs out in the semifinals this year.

Wings had to win the hard way last night, for Rangers duplicated their performance of Saturday night when they grabbed a two-goal lead in the opening period.

Both goals tallies, by Allan Stanley and Tony Levick, came while Detroit was short a man because of penalties.

MORE QUICK GOALS
The Penguins duplicated their scoring effort early in the second period when they slammed in a pair of goals within a 21-second interval, while Rangers' Stanley looked on helplessly from the penalty box.

New York grabbed the lead again at 11:32 of the second period when Buddy O'Connor sank a four-goal rebound, but Detroit came back within five minutes to tie it 3-3 on Jim McFarland's two-foot rebound poke at 12:57.

U.S. URGED TO TAKE OVER BURDEN OF U.K.

WASHINGTON, April 24 (AP)—The British government has proposed the United States take over a big share of Britain's economic burden in India, Pakistan and southeast Asia.

The British plan would call for the United States to pay off in dollars as such countries as India and Pakistan part of Britain's \$9,000,000,000 wartime debt to sterling-bloc countries.

The main idea behind the suggested program is to help non-Communist countries in Asia fight off Communism while at the same time ease the huge debt which is jeopardizing Britain's economic comeback.

Stanley Cup Captured By Wings In Overtime

DETROIT, April 24 (CP)—Detroit's surging Red Wings last night won the Stanley cup by defeating New York Rangers 4-3 in a bitter-end game that went into two periods of overtime play.

Peter Babando, one of three American-born players in the NHL, broke up the marathon game by banging in a 15-footer near the midway point of the second overtime period played beyond 12:05 P.M.

That goal ended 33 minutes and 44 seconds of scoreless hockey as the underdog Rangers battled the Red Wings all the way.

The dramatic Flyers gave Detroit the best-of-seven series, 4-3, and clinched a three-year quest which saw them get into the championship final twice only to lose out.

Radar Defence
MONTREAL, April 24 (CP)—A force of jet fighters controlled by a radar network successfully defended Montreal during a series of weekend "raids" by enemy aircraft from Toronto and Hamilton, Ont.

Edmonton service April 26
has sent two specialists to study the entire district with a view to adding to its development.

"We will work closely with Edmonton Chamber of Commerce to help bring business and capital here," said Raymond H. Kent, special representative of the airline's vice-president in charge of sales.

Mr. Kent is accompanied by Harold Payer, of the public relations department at the airline's headquarters in St. Paul, Minn.

"The future is enthusiastic about future developments here," said Kent, who is on his first plane trip to Edmonton.

Southwest Airlines has been operating through Edmonton en route to Anchorage, Alaska, and the Orient. This trip so far has been only a test stop.

The company will now bring back up passengers and freight.

First passenger flight out of here will be Sunday April 29 when a liner will leave at 7 a.m. for Anchorage and Tokyo.

Conacher Resigns As Hawk Boss

Quits Coaching Job To Devote Time To His Business

CHICAGO, April 24 (UP)—Charles Conacher resigned today as coach of the National Hockey League Chicago Blackhawks to devote full time to "business interests."

Announcement of the resignation was made by owner Bill Tobin, who said that Conacher "could have come back if he wanted to."

Tobin said "Charles has given a lot of thought to this and it's a very friendly resignation."

"I think I've convinced him to stay on in an advisory capacity," Tobin said. "I value his judgment of hockey players very highly and in Toronto, the hotbed of hockey, he could be invaluable."

HAS BROKERAGE
Conacher, from one of the best known families in hockey history, runs a brokerage business in Toronto, and has oil interests in western Canada.

"I know all winter he was making a lot of jumps to take care of it," Tobin said.

"Tobin said he had 'no idea' who might replace Conacher.

"But I've got time to consider it and I won't pick anybody right away."

FIRST HINT
The first indication that Conacher might resign came three weeks ago when rumors arose the Hawks could name a new coach.

Goodfellow, coach of the St. Louis Flyers in the American Hockey Association, was most prominently mentioned but said he had not been approached for the job.

O.C. FOOTBALL
LONDON, April 24 (Reuters)—Reports of a merger between the United Kingdom and the United States football teams have been denied.

Australian Bus Drivers Return
MELBOURNE, Australia, April 24 (AP)—Melbourne's straphangers had their transport back today for the first time in 60 days.

Trams and buses went out of action Feb. 22 when the tramway union called a strike for a wage increase of £1 about \$2.47 a week.

At a stormy meeting yesterday strikers decided by a large majority to return to work pending a labor court.

Late News Flashes

OPPOSITION LOSES
OTTAWA, April 24 (BUP)—The Commons today voted down an opposition attempt to find out how much was paid to R. C. Vaughan as retirement allowance when he left the presidency of the Canadian National Railway.

The vote was 101-50.

U.S. REQUEST
LONDON, April 24 (UPI)—Informed sources said today European Marshall Plan countries have been asked again by the United States not to export strategic materials to Communist China.

PRODUCTION DOWN
CALGARY, April 24 (CP)—Alberta's average daily crude oil and natural gasoline production dropped by 2,138 barrels during the week ended April 17, the Alberta Petroleum and Natural Gas Conservation Board announced today.

Production dropped to 62,305 barrels for the week compared to 64,460 barrels the previous week.

TORY MOVE
LONDON, April 24 (UPI)—Winston Churchill announced in Commons today that his Conservative opposition would force on the Labor government Wednesday two votes of confidence based on the 1950-51 budget.

PLEA FOR AID
TORONTO, April 24 (BUP)—V. K. Wellington Koo, Nationalist Chinese ambassador to the United States, made a new appeal today for military, economic and political help from the Nationalist government in Formosa.

IN AUSTRALIA
SYDNEY, Australia, April 24 (CP)—Mayor Charles E. Thompson of Vancouver today advocated a ban on the use of break down trade and financial aid to help shipping Australia and Canada apart.

ELDERLY PRISONER
TORONTO, April 24 (CP)—A 75-year-old grandfather, James Turnbull, was sent to jail for one month today after pleading guilty to supplying his 16-year-old grandson with liquor. Police said he had given beer for a party the boy was giving for other teenagers.

Six Provinces Sign Federal Agreement

OTTAWA, April 24 (CP)—Six provinces today signed agreements with the federal government to co-operate on construction of a trans-Canada highway.

Four provinces—Quebec, New Brunswick, Nova Scotia and Newfoundland—abstained and details of the proposed route through these provinces was not disclosed.

The provinces signing were British Columbia, Alberta, Saskatchewan, Manitoba, Ontario and Prince Edward Island.

Roads Minister Talbot of Quebec said his province could not sign because the draft agreement did not give sufficient protection to the rights of his province.

Public Works Minister Anderson said New Brunswick was anxious to sign, but felt it should not do so until a better estimate of the route involved is available.

N.S. TO SIGN SOON
Nova Scotia indicated it will sign as soon as existing legislation is passed by the legislature.

Newfoundland explained that because of special problems prevailing in the new province it could not sign an agreement now.

Although the federal government had stated previously that it would not contribute to the highway unless all provinces co-operate on the project, Resources Minister Winters indicated that work would go ahead anyway this spring in the hope that agreement with the remaining provinces will be reached.

As each province signed the agreement, the route the highway will follow in that province was described. But an overall picture of the trans-Canada route will not be available until all provinces have entered agreements.

Details of the route through the western provinces follow:

B.C.—Commencing at the intersection of provincial highway Number One with the west boundary of Yoho National Park, approximately 17 miles east of the town of Golden; thence westerly through the town of Golden; thence following the Big Bend area.

Manitoba—Commencing at the intersection of provincial highway Number One with the west boundary of Yoho National Park, approximately 17 miles east of the town of Golden; thence westerly through the town of Golden; thence following the Big Bend area.

Ontario—Commencing at the intersection of provincial highway Number One with the west boundary of Yoho National Park, approximately 17 miles east of the town of Golden; thence westerly through the town of Golden; thence following the Big Bend area.

Quebec—Commencing at the intersection of provincial highway Number One with the west boundary of Yoho National Park, approximately 17 miles east of the town of Golden; thence westerly through the town of Golden; thence following the Big Bend area.

Prince Edward Island—Commencing at the intersection of provincial highway Number One with the west boundary of Yoho National Park, approximately 17 miles east of the town of Golden; thence westerly through the town of Golden; thence following the Big Bend area.

Saskatchewan—Commencing at the intersection of provincial highway Number One with the west boundary of Yoho National Park, approximately 17 miles east of the town of Golden; thence westerly through the town of Golden; thence following the Big Bend area.

Alberta—Commencing at the intersection of provincial highway Number One with the west boundary of Yoho National Park, approximately 17 miles east of the town of Golden; thence westerly through the town of Golden; thence following the Big Bend area.

British Columbia—Commencing at the intersection of provincial highway Number One with the west boundary of Yoho National Park, approximately 17 miles east of the town of Golden; thence westerly through the town of Golden; thence following the Big Bend area.

Manitoba—Commencing at the intersection of provincial highway Number One with the west boundary of Yoho National Park, approximately 17 miles east of the town of Golden; thence westerly through the town of Golden; thence following the Big Bend area.

Ontario—Commencing at the intersection of provincial highway Number One with the west boundary of Yoho National Park, approximately 17 miles east of the town of Golden; thence westerly through the town of Golden; thence following the Big Bend area.

Quebec—Commencing at the intersection of provincial highway Number One with the west boundary of Yoho National Park, approximately 17 miles east of the town of Golden; thence westerly through the town of Golden; thence following the Big Bend area.

Prince Edward Island—Commencing at the intersection of provincial highway Number One with the west boundary of Yoho National Park, approximately 17 miles east of the town of Golden; thence westerly through the town of Golden; thence following the Big Bend area.

Saskatchewan—Commencing at the intersection of provincial highway Number One with the west boundary of Yoho National Park, approximately 17 miles east of the town of Golden; thence westerly through the town of Golden; thence following the Big Bend area.

Alberta—Commencing at the intersection of provincial highway Number One with the west boundary of Yoho National Park, approximately 17 miles east of the town of Golden; thence westerly through the town of Golden; thence following the Big Bend area.

IT HAPPENED TODAY

Ancient Feudal System Of Marriage Outlawed

Miscellany

Red China has a radical new marriage and divorce law. It gives women full legal equality with men plus special protection as mothers. It frees both men and women from their parents and in-laws, outlawing old "feudal" marriage system.

A Swedish court in England official said a book in English containing a list of radio stations, and a piece of wood marked "in the United States" have been found in the Baltic east of the island of Gotland, believed from lost United States Navy Private.

The Canadian Broadcasting Corporation will buy for \$300,000 more of television equipment from the Marconi Wireless Telegraph Co. Ltd. of Chislehurst, England.

Communism

U.S. ambassador to open Dr. Philip Jessup called at the British foreign office to discuss new diplomatic conferences due to stop Communist influence in Europe and the far east.

Jessup met with British chief clerk for "informal procedural talks" which actually are the most important work conference since World War II.

Roman Catholicism is bracing itself for what many Vatican sources believe will be a violent and total offensive by Communism against the church.

To many in the spiritual capital of the world, Rome, the propaganda of Communism appears to be nearing a climax—Communism drives to achieve total domination of the Catholic hierarchy everywhere behind the Iron Curtain.

Fourth Estate

The board of directors of the Associated Press, noting that censorship of news is growing, said that the press was "more vital to the survival of our free institutions."

Tighter censorship control and other restrictions on news gathering are multiplying at an alarming rate, the "cold war" between east and west.

Lord Beaverbrook, Canadian press magnate who will be 71 months, celebrated his 60th birthday on the newspaper.

CERTAINLY WAS MODEST

Right Hero Was Pushed Into Rescue by Wife

NEW YORK, April 24—(AP)—

—And now a sequel to the story of the heroic rescue story of two-year-old Judith Meyer after a five-year-old fall from a window.

It was heroic, all right. But the neighbors said today the cops just got the wrong hero.

The cops weren't concerned. Judith was all right—safe at home with only a few scratches and bruises.

But the neighbors wanted to know that Alfred Paschke, who was quoted and photographed extensively as the man who caught the baby in his arms, did not do such thing.

Instead, said witness after witness, it was Morris Diamond, a tenant in the same building as Judith, who jumped up from a nearby bench and, despite his horrified wife, got into position and caught the baby.

Mrs. Diamond said all Paschke did was stand outside the hedge around the building and shout at the two-year-old "buck! buck! buck!"

Diamond said he took the child

The States

Defense Secretary Dean Acheson in an urgent plea for national unity, said the U.S. is Kremlin's chief target to a drive for "dominion over the entire world."

"We are faced with a threat—in all other truth I say this—we are faced with a threat not only to our country but to the civilization in which we live."

United States has speeded up production of new weapons more terrible than any the world has ever seen.

Defense Secretary Johnson declared the U.S. leads in fashioning a variety of new armaments that "may alter the difference between victory and defeat in war," adding that the country's atomic bomb is "a single type and size."

Current proposals for an attack against loyalty of department employees is "unjust business," said the U.S. State Department.

LIONS CLAW GIRL TO DEATH

BADEN, Germany, April 24—(AP)—Two lions escaped from a circus near here today and clawed a 20-year-old German girl to death.

Police said the victim, Elfriede Lauber, was walking near the circus ground in Baden. The lions were captured a few hours later.

Highway Route Is Announced

(Continued from Page 1) tion of Highway Number One to the east side of the Columbia river to Canoe Falls on the northern end of the Big Bend National Park.

Police later charged Melvin Wagner, 42, with driving recklessly, for the traffic gates, with manslaughter in connection with the case. They said they were investigating the possibility that the gates were not properly closed when the express was signalled through.

Wagner was freed on \$5,000 property bail.

Mrs. Raymond McLaughlin, 40, of Shapton, near Boston, Mass., was charged with manslaughter.

Mrs. Mary Karaway, 40, of all suburban Crowland township, were charged with manslaughter.

Gas Export Issue No Longer Easy

Ontario's Need For U.S. Gas Makes Problem International

By Gordon Leighton
Bureau Ottawa, April 24—(RUP)—

Ontario's need for U.S. gas to begin to take on all the complications of a confused international problem.

House of Commons has held for a brief time, the presumption that the gas will be supplied by the U.S. is no longer so easily notified.

Gas is not so easily notified. It has broken out at the Eastern centre of the country, particularly Western Ontario, as a question of importance.

Government and its representatives officially to Washington, D.C. to negotiate for a supply of U.S. gas to keep the home fires burning.

But the suggestion that 7,500,000 cubic feet daily be supplied to Ontario consumers by the Canadian Eastern Pipeline company doesn't meet with the favor of that company's customers.

They doubt if the end of the argument was so often in the House here in the past year. In short, they are not sure of a deficiency for themselves if they export to Canada.

CONTRADICTION
Picture, then, the predicament of a Government pre-occupied on the one side with a battling band of legislators determined to prevent export of gas needed in the U.S., except under a "Canada First" formula. And on the other, making official application for imports from the same neighboring country.

All the elements of a comedy here are further stressed by the fact that the gas is needed in Washington to the proposed supply of customers there by U.S. producers. If one reckons up the various interests now involved in the gas question, the picture is not a happy one.

The Canadian Parliament, the United States Power Commission, the National State Legislature, the United Gas Co. of Ontario, and the various gas companies are all involved in the gas question.

The gas question is a complex one, and it is not easy to see how it can be solved. The gas question is a complex one, and it is not easy to see how it can be solved.

Chiang Gives Up Island Of Hainan

By STANLEY RICH
YULIN, Hainan Island, April 24—(AP)—

Chiang Kai-shek has given up Hainan Island to the Chinese Communists for the taking today—handed over by burning.

The generalissimo's order for "total evacuation" of the big island gives the Reds nearly half the remnants of his own vast Nationalist China.

The decision to give up the 13,500-square-mile stronghold off south China had not been announced officially here. Information came from a general, one of the top officers charged with Chiang's defence.

This general accused Chiang of "sacrificing" Hainan to his own political ambition.

He said Chiang refused to send reinforcements because he feared the growing strength and popularity of two of Hainan's defenders—General Yueh, the military commander-in-chief, and Marshal Chen Chih-tung, the governor.

The island still could be held on by the Nationalists had "only one more army" at their disposal, said the general.

The general asserted a request for the 50th Nationalist army from Formosa had been turned down. The request for this reinforcement was made yesterday when the Reds suddenly captured the island.

He said Hainan's capital, Keelung, had been evacuated. The threat to Hainan's capital, Keelung, had been evacuated.

Union Committee Talks Possible Railway Strike

MONTREAL, April 24—(RUP)—The joint protective committee of the Canadian Brotherhood of Railway Employees and today discussed possible strike action against the major railways to support wage and hour demands.

President A. R. Moher of the CBRE predicted Friday the committee would favor a strike and all rank-and-file members would support the governing body.

The rail crisis was brought to a peak last week when the majority report of two consultation boards rejected the railway unions' demands and recommended a plan to give workers shorter hours, lower pay, and less in the weekly pay envelope.

Police Get Spicy Varied Week-End

Break-Ins, Traffic Accidents,
Bombs, Several Other Items

Variety was the spice of week-end life for Edmonton police.

Among other things, they looked into four break-ins; dozens of traffic accidents; they disposed of a fuselless mortar bomb; investigated an outbreak of bicycle thefts and made inquiries about a missing trunk.

There were no injuries suffered in the traffic accidents, but James Fox, Leeder, received six stitches in a cut over the left eye after a truck accident at Y.M.C.A. building at 1:30 p.m. Saturday.

Fox was injured when he ran into a swinging door while chasing two youths in a spirit of fun.

The break-ins occurred at Highland Hardware Co., 833-118 avenue; Arma Service Garage, 830-112 avenue; Farmers' Hardware, 1021-10 avenue; and North Star Rooms.

THIEVES WORK HARD

Hardworking thieves removed a number of windows from the hardware premises early Sunday. They stole electric range, toaster, radio and a vacuum cleaner.

Bars were also removed from Farmers' Exchange building, but nothing was taken by thieves at the hardware store.

The entry was discovered by manager of nearby North Star Rooms who had seen thieves had forced entry to basement of his building also without hearing.

Stolen from the garage was a large panel truck by thieves who made entry early Sunday through a small window and then opened main door.

Two-stroke motor bomb, "apparently fuselless," was disposed of by Saturday afternoon. Constable L. R. Mouton dropped it in the "deepest" part of the river.

The bomb was found by young daughter of Frank Hynes, 1206-36 street who requested its disposal.

5 STOLEN BICYCLES

Reports of five stolen bicycles were turned in at rate of one or two a day from Friday to Sunday.

Three of the bikes were taken from vicinity of C. Woodward Ltd. Another was stolen from front of home of owner Nick Ravichuk, 118-12 street, Sunday afternoon.

A fifth was taken from late south 102 avenue at 101 street, Saturday night. It was CCM racer belonging to Norman Siler, 1242-12 street.

Missing trunk was reported to police by Benjamin A. Carbo, 350-10 street, who had lost it at CNR station. Instrument was later found by CNR employees and returned to him.

In custody today is a suspect said to have admitted the theft of a wall-mounted air conditioner and a number of money from Miss Jean Budnik, 1036-124 street.

A while investigating an undisciplined furnished police with the description of a man who came into the Patricia Confectionery at 6:40 p.m. Sunday and asked to use the phone.

She said she later heard he was in her room above the store and saw the man walk to the bottom of the stairs. She did not hear him enter the main entrance from her room after the man brushed past her and went into the street.

He is on his way to Ottawa to attend a meeting of the national employment committee of the unions. He is the son of Henry Owens, general superintendent for the CNR in the west for several years, but now retired, is visiting his son Henry Owens in Edmonton. He recently returned from a trip to St. Louis, Mo.

Mumps is like spring—bustle out all over. Last week 103 new cases were reported, compared with 60 the week before, according to Dr. G. M. Little, medical health officer.

Pipers Blow Six Hours For Dance Contestants

Edmontonians captured a fair share of wards at 11th annual international dancing competition of Alberta Highland Dancing Association at Calgary, Friday.

Three pipers, Murdo McDonald, Ed Watson, Calgary, and M. Stoker, Edmonton, piped for six solid hours for the two enthusiastic competitors.

Mr. John Maher, of Calgary and John Moor, of Edmonton were the judges.

The results: First prize, 18 and under, master, Louis Shaver, Banff, Edmonton; second, 16 and under, master, John Maher, Calgary; third, 14 and under, master, John Maher, Calgary; fourth, 12 and under, master, John Maher, Calgary; fifth, 10 and under, master, John Maher, Calgary; sixth, 8 and under, master, John Maher, Calgary; seventh, 6 and under, master, John Maher, Calgary; eighth, 4 and under, master, John Maher, Calgary; ninth, 2 and under, master, John Maher, Calgary; tenth, 1 and under, master, John Maher, Calgary.

RETAIL TRADE STILL BRISK

Retail trade in Canada is still brisk despite slight declines over last year due to weather conditions in the west.

This was the picture painted here today by George S. Hoffman, New Westminster, former general manager of the Canadian Retail Federation, which organization the Retail Merchants' Association is an affiliate.

Mr. Hoffman, a resident of Edmonton in the 1930s, retired as manager of the Canadian Retail Federation on April 1 last.

AMBAASADOR-LARGE

Stylized himself as an "ambassador-at-large" for retail merchants of Canada, Mr. Hoffman said he is in Edmonton looking into the possibilities of building a western network of retailers in the near future.

He is on his way to Ottawa to attend a meeting of the national employment committee of the unions. He is the son of Henry Owens, general superintendent for the CNR in the west for several years, but now retired, is visiting his son Henry Owens in Edmonton. He recently returned from a trip to St. Louis, Mo.

Mumps is like spring—bustle out all over. Last week 103 new cases were reported, compared with 60 the week before, according to Dr. G. M. Little, medical health officer.

Income Tax Board Sits In City For First Time

First sitting of the new income tax appeal board in Edmonton opened at the courthouse today with seven appeals to be heard.

Hearings are being conducted by Justice J. R. Graham of Ottawa. Chairman of the board is Mr. Justice R. T. Graham of Ottawa. Other members are W. W. Fisher, K.C. and W. O. Davis, K.C., both of Ottawa.

Mr. Justice Graham is in Vancouver conducting hearings.

Previous to Jan. 1 last, all appeals from income tax assessments had to be made to the exchequer court of Canada on payment of a deposit of \$400.

Since establishment of the income tax appeal board, any taxpayer may appeal on payment of a \$10 deposit.

If successful, the deposit is refunded to the appellant. A taxpayer who files an objection with the district income tax inspector after assessment. The inspector refers the case to the minister of national revenue, who may allow the appeal in whole or in part or reject same.

The appellant has further right to appeal to income tax appeal board, within 30 days of being informed of the minister's decision.

HEARING INFORMAL

Hearings of the board are informal. An appellant may or may not retain counsel. The hearings will be either public or private, depending on which the appellant desires.

A taxpayer has further right of appeal from decision of the income tax appeal board.

**Six Escape As
2 Cars Crash**

RED DEER, April 24.—Six men narrowly escaped serious injury when the cars in which they were riding collided two miles south at Red Deer Sunday morning.

A 1940 coupe, driven by A. G. Under, Idleburg, idiosyncratic, a 1940 sedan, driven by Maurice H. Benik, Toronto. The cars were travelling in opposite directions.

Damage to the coupe was estimated at \$100, and to the other \$30.

Both drivers and the four passengers in Hulek's car were uninjured.

Heavy snow was falling at the time, and the road was reported in a slippery condition.

Bank Manager Dies

SAN FRANCISCO, April 24.—(AP)—Walter J. Coulthart, retired president of the San Francisco branch of the Canadian Bank of Commerce, died yesterday. He was 65 years old.

The killings in Edmonton are expected to conclude by Thursday.

Barbarous, unjust

It is amazing that in a supposedly enlightened age the enlightened legislative chamber of an enlightened nation should seriously debate capital punishment on the basis of whether or not it was a crime deterrent.

It would be legitimate to advance arguments for and against capital punishment on all the grounds advanced by Ross Thatcher of Moose Jaw, whose motion precipitated the debate, except that of deterrence.

Thus, as Mr. Thatcher pointed out, the execution of death is un-Christian, it is brutalizing, it is barbarous, it is vengeful, it is frequently bungled.

All these things are true and constitute an overwhelming argument against the death penalty.

But when reputedly intelligent men oppose capital punishment because it does not deter others from murder, they place themselves completely out of court because deterrence has nothing on earth to do with it.

And deterrence has nothing on earth to do with it because it is repugnant to the very essence of British and Canadian law that any man should be made to suffer for the potential crimes of others.

If this fact invalidates a good deal of Mr. Thatcher's argument, it completely

invalidates the whole of A. C. Stewart's argument.

Mr. Stewart, for Yorkton, made himself spokesman for the death penalty and, judging from the applause he received from the commons, for the government

Mr. Stewart's entire position, favoring capital punishment, was based on the supposition that it prevents people from committing murder.

This position is as unsound in legal principle as it is in fact. The death penalty does not prevent murder.

In fact, the homicide rate is highest in those American states where the death penalty is applied and lowest in some where the death penalty has been abolished.

But whether capital punishment is or is not a deterrent is unworthy of debate by civilized men.

It is contrary to every known principle of morality and ethics that the state should hang Mr. A to prevent Mr. B from killing Mr. C.

There is no man who can be his brother's keeper. But not to the extent of dangling on the end of a rope for him.

It is a dark blot on the Canadian civilization that the state should hang Mr. A to prevent Mr. B from killing Mr. C.

And a civilized house of commons would drop its stupid prejudices and legal misconceptions and abolish it.

Traffic Bylaw Is Dead Wrong

If the city council passes the new traffic bylaw tonight with its section placing the burden of proof on the accused it will be guilty of a grave breach of legal tradition.

It is axiomatic in Canadian judicial procedure that an accused is innocent until he is proved guilty. It is up to the Crown to provide that unquestionable proof.

The Edmonton city council should not be permitted to flout a principle as old and honorable as Magna Carta for the mere purpose of getting traffic convictions without having to go to the expense of hiring enough policemen to give this city decent protection.

It makes absolutely no difference in the world that the provincial traffic act makes the same grave mistake.

Concession For the New Hotel

The proposed Cristall brothers' hotel should be given a tax concession.

In these days of astronomical construction costs, few thoughtful citizens will dispute that—provided the hotel supplies moderately priced accommodation, and provided, of course, it meets requirements of the recent City Charter amendments.

But whether it should get the reduced rate of \$75 per bedroom accorded the Macdonald Hotel extension is a different question.

Originally the Macdonald enjoyed a \$100 per bedroom per year levied in lieu of all city taxes.

That was granted because of certain public facilities it provided.

When the extension was proposed, the CNR agreed to provide certain additional features of a public nature which the city felt were necessary.

In return for the extra expense, the city agreed that the annual tax per room per year should be cut to \$75, provided

And certainly the attempt to find a parallel between this outrageous clause and the provisions of the liquor and narcotics acts is simply silly.

A man found in possession of liquor or narcotics is presumed to be guilty because, if he is not guilty, he has documentary evidence in the form of an endorsed liquor permit or a doctor's prescription, to show his innocence. He is required by law to produce evidence.

But what documentary evidence can a car driver produce to show he was obeying the law?

There is no similarity whatever. There is no parallel and no likeness.

The traffic bylaw with this iniquitous and unjust clause is dead wrong and council should be aware of it.

the legislature would agree to a permissive amendment to the city charter.

The Bulletin held all along that the public facilities most urgently needed by this rapidly-growing city is more hotel space. The extension of banquet rooms and convention facilities is strictly secondary to that trying need.

The Cristall brothers propose to provide 217 more rooms where weary visitors may lay their heads at a reasonable rate per day.

Therefore, the building costs so much higher than those prevailing when other smaller city hotels were built, it is reasonable that some tax concession should be granted.

There is ample argument for granting the new hotel a tax concession in charters it is the city's business to build.

But to make the charge \$75 would seriously dislocate the tax relationship between the Macdonald extension, with its comprehensive public facilities requested by the city, and the Cristall brothers' structure, without them.

PITCHING HORSESHOES

By Billy Rose

De Maupassant Wouldn't Last Week On Newspaper

It's an odd-odd-name that De Maupassant, perhaps the greatest short-story writer of all time, wouldn't last a week as a reporter on a present-day newspaper. Let me try to tell you why.

News stories with few exceptions, have little or no suspense because the reporter or reviewer must deliberate.

De Maupassant, on the other hand, was a master of suspense. He knew how to build up a story, how to lead up to the first paragraph, how to lead up to the first paragraph, how to lead up to the first paragraph.

De Maupassant, on the other hand, was a master of suspense. He knew how to build up a story, how to lead up to the first paragraph, how to lead up to the first paragraph, how to lead up to the first paragraph.

De Maupassant, on the other hand, was a master of suspense. He knew how to build up a story, how to lead up to the first paragraph, how to lead up to the first paragraph, how to lead up to the first paragraph.

De Maupassant, on the other hand, was a master of suspense. He knew how to build up a story, how to lead up to the first paragraph, how to lead up to the first paragraph, how to lead up to the first paragraph.

The Timid Soul

By Webster

Letters to the Editor

course, only for the duration of the conflict. Juvenile behavior can be expected to continue.

Mr. Webster, I don't like the tone of this paper regarding the Lord's Day Act. It advocates moderation. Moderation, probably until such time as it can become a spot. Central European—Sunday. All out!

A lady, commenting on the Alcoholic Anonymous in this paper some weeks ago, stated "we started drinking in moderation, then it got beyond our control. Moderation is a trick of the devil."

Let the paper be big enough to defend the Sabbath day, not "moderate" and start to wobble behind any cause that will allow it. It's later than that.

In passing I would like to congratulate Mr. Webster's editorial "The Chief Danger Comes From Her Friends," of April 13th.

T. H. HALLIWELL, 1920 19th St., Edmonton.

Baby Pictures Editor, Bulletin.—We have and much real pleasure in the series of Baby Pictures you have been printing lately that I felt I must write to tell you.

We also enjoy Jack DeLong and "Elegant Luck."

Mr. THOMAS JOHNSON, 210 10th Block.

Peace Editor, Bulletin.—Communicated "peace" groups are planning to hold a student strike in the new few weeks. It would be well for the public to be advised with the strategy behind the appeal that this doubtless be made.

Editorial staff, Bulletin.—The belief that the Canadian government is inflexible and undemocratic, and that it is dominated by "warmongers" who are maneuvering for war with the peaceful Soviet Union for the benefit of United States "imperialism."

The Communist "front" groups are striving to capture the people's imagination by their own devices. It is for their own ends by petitions, resolutions and demonstrations.

If the government takes notice of the "demands," they will claim that they have forced the "warmongers" to capitulate to the will of "the people" on the other hand. If their "demands" are ignored, they can claim proof of their "demands."

Editor, Bulletin.—Teen-aged youngsters is a natural sequence to the general "peace" movement in Canada. It is a natural sequence to the general "peace" movement in Canada.

What's Bacon In U.K. May Not Be In Canada

Many a housewife has paid nearly a dollar a pound for pork while the government takes about 36 cents for exported pork. There is 50-cent bacon in Canada. In Canada you double that price.

One needs to be a realist to realize that someone should be blamed for this situation, but it may come as a surprise to discover that the thing to blame is not the English language, but the English language.

It also seems difficult to understand how it is that we hear of farmers receiving something in the neighborhood of 28 cents for pork while the government takes about 36 cents for exported pork.

IN ALBERTA it's a race between oil and grain. Here the two are neck to neck. This past year for the first time revenue from oil knocked the props out from under the grain industry. Photograph was taken at the government grain elevator in Calgary.

FLOODS HIT HIGH PRAIRIE

HIGH PRAIRIE, April 24—Ice has gone out and West Prairie River is rising again. Already the north road is under water and men are dismantling at one bridge to break up the jam.

John Turner, who resides at the Stampede grounds, has moved his family to town and may find it necessary to move his cattle as the water floods the area.

Settler Gas Vote To Be Decided May 15

SETTLER, April 24—A plebiscite will be held May 15 on a by-law to decide whether a franchise will be granted to T. L. Brook of Calgary, to supply natural gas to the town.

The plebiscite will require a two-thirds majority of ratepayers. List of eligible voters totals over 200. The natural gas would be obtained from Edwards gas wells north of Strathmore.

Cleanup Planned

HIGH PRAIRIE, April 24—High Prairie Board of Trade announced last Annual cleanup for High Prairie will be held May 17.

Co-operation of all businesses and citizens is asked to make the town tidy and spick.

'Acre of Wheat' Plan May Build New Centre

SYLVAN LAKE, April 24—"Acre of Wheat" campaign will probably provide funds for Sylvan Lake's new community centre.

Under this plan seed to sow one acre will be provided by the cause and the field will be donated by the farmer in the fall.

The plan is the suggestion of the Curling and Kitten clubs, sponsors of the centre, but has not been given definite approval.

Tentative approval has been given by the building committee of the site for the centre, one-half block east of the tennis courts.

The property is 200x150 feet and the proposed site of the building 180x60 feet, leaving ample parking space. The proposed centre will house four acres of curling, ice and a large multi-purpose kitchen, laundry and a public hall.

Representing the Curling club are K. O. Williams, A. Murray and P. L. Poir. For the Kitten Club, S. Stankiewicz, Les King and Gordon Johnson.

Bullet Kills Cow

HANNA, April 24—A cow owned by Byron German, was shot and killed Wednesday as she was standing in the farmyard.

Hunters were in the vicinity at the time shooting gophers.

Aly, Rita Buy Irish House With Ghost

BATTERSTOWN, Ireland, April 24.—(UPI)—The question of whether Rita Hayworth will see the ghost of Parsonstown Manor had folks here talking today.

Princess Aly Khan bought the 350-acre estate with its sumptuous manor house, ghost and all, in County North, about 20 miles northwest of Dublin.

The prince and his Hollywood bride are expected to stay in the manor at least once in a while. And when they do, they might make the acquaintance of the ghost who afloats almost nightly in the kitchen, built in Cromwell's time.

Townfolk aren't sure just what ghost it is, but they say he is friendly as are all of Ireland's ghosts—except, maybe to Englishmen.

The ghost and the stepchildren Jockey Eric McKeever got along fine until McKeever was killed in a car crash some years ago. Then Lord Birkett bought the 170-room manor.

He installed plumbing, costly furniture, carpets and rare paintings. But he never moved in. The local word is that the ghost didn't want an Englishman, even a titled one around the place.

Red Charge Suit To Open

HAITFOOT, Conn., April 24.—(AP)—A civil trial involving the Issue of Communism opens Tuesday in federal court here.

It will decide whether two well-known entertainers, dancer Paul Draper and his wife, actress Betty Grable, are entitled to collect \$100,000 damages from the late young Greenwich Conn. housewife who accused them of sympathy for Communism.

Mrs. Heather McCullough, wife of an associate editor of Time magazine, objected when she learned the Connecticut Association booked the two in December, 1948, to appear at the following month.

She returned her tickets to the concert association, and the Greenwich Time printed a story about her talk.

On Jan. 21, 1949 Draper and Grable gave their concert in Greenwich.

Lonely British Movie Star Fails To Twitter

By Virginia MacPherson
Special to the Bulletin

HOLLYWOOD, April 24.—(UPI)—Stewart Granger, the British heart-throb, is the latest ladies' all-arounder.

He's also tall, dark, and built like a well-oiled Jimmy Stewart.

He really dazzles the dolls around this town.

Every movie queen in the business who can wiggle a night and would pass up a raise in pay to share this guy.

And he's not exactly hard to get. Being lonesome doesn't make Granger anti-democratic.

LIKES WOMEN

"I just happen to like women," he shrugged.

He's been lonesome for his kids. He has two, a 10-year-old boy, Jimmy, and a 4-year-old girl, Lindsay, back in England and he hasn't seen 'em for months now.

"They're with my ex-wife," Granger explained. "And I'm trying to figure out a way to talk her into moving to Hollywood so I can see them often. Being a bachelor's fine-up-to a point."

"But sooner or later you have to take those beautiful women home and come back to an empty hotel room. Maybe I was a family man too long. Now I find it a rather lonely life."

"Those beautiful women" have, at one time or another, included every married glamour girl from Elizabeth Taylor in her pre-Philippa days to Betty Hutton in her post-Britain period.

Granger had the same effect on British boy-lovers. Every time he stuck his head out in public back home, the girls moaned him.

HUMAN PASSIONS and emotions of blind girl and rich Frenchman kindle flaming romance in Two Cities' latest romantic drama, "Madness of the Heart." Starring Margaret Lockwood and Paul Dupuis, film tells touching tale of blind girl who steps from seclusion in convent to fight for man she loves. "Madness of the Heart" is now showing at Varcona Theatre.

Margaret Lockwood In New Role At Varcona

Story of a girl who loses her sight when on the threshold of life and seeks sanctuary in a convent, "Madness of the Heart" offers moviegoers a romantic drama of human passions.

The Two Cities production, which started Saturday at the Varcona Theatre, stars Margaret Lockwood and Paul Dupuis, as a young couple who fall in love at first sight.

Margaret Lockwood, as Lydia Garth, goes to a convent when she loses her sight. She is in love with Dupuis, who was introduced by her employer. But after a time, the Mother Superior of the convent advises her to return to the world.

Paul persuades the blind girl to marry him, but her life is made difficult when she is introduced to him.

On Jan. 22, they were Mrs. McCullough.

There was no truth they said, to her statements that they were "pro-Communist" in sympathy and were "open supporters" of organizations that had been listed officially as Communist fronts.

The year was 1834...

Toronto's waterfront buzzed with excitement as all eyes turned to the men who worked with tripod-mounted instruments. On this June day, engineers began the initial survey for the first official plan of Toronto. The harbor survey line they plotted ran from the Gooderham & Worts Windmill to the Fort Point, and has ever since been known as the "Windmill Line."

These were indeed the challenging times, as the frontier pushed Westward from Upper Canada, and the pulse and power of growing nationhood was felt across the wilderness miles. On coasts and prairies, on mountain foothills and in fertile valleys, soon would grow cities planned under the whiplash drive of far-seeing men with unbounded faith in this new country: men inspired by freedom of action guaranteed by the freedom of the secret ballot.

When YOU cast your secret ballot at every election—municipal, provincial, federal—you exercise a duty and privilege planned, worked and fought for by your forefathers. Your vote protects the future of your children. To fail in this duty is to be less than a good citizen.

Inside Hollywood

By Bob Thomas

HOLLYWOOD.—(AP)—Gene Autry today explained why he is getting into television:

"There are 8,000,000 kids in the country from the ages of 2 to 6. They're too young to go to movies, but they can watch television."

"I don't want them to grow up thinking there's only one cowboy—Hopalong Cassidy."

This is the second time in Autry's career that he has had to avoid it out with a rival. When he returned from the war, he discovered that singing Roy Rogers had been pushed in the No. 1 film cowboy spot. Gene worked hard to regain his market.

Now white-thatched Bill Boyd has jumped into the hearts of the kids in the U.S.—and even in Canada—astride a TV set. Gene is a good friend of Bill as well as Roy the Autry-Rogers "fool" was a publicity stunt, says Gene, but Autry indicated there is plenty of room in video for another cowboy.

"Anybody who says television isn't here to stay is plumb blind," Gene told me at his new \$140,000 house. "It is a tremendous new field and it can't be ignored. I always say, 'If you can't walk on jelly now, you can't walk on jelly later.'"

He added: "I figure it this way—was the first cowboy to put singing in westerns. I was the first singing cowboy to tour the country in rodeos. I was the first in comic books and the first to make commercial tie-up for clothes and toys. So I might as well be the first singing cowboy to make new films for television."

U.K. Foods Freed

LONDON, April 24.—(CP)—The food ministry Saturday freed canned meats, canned milk and canned beans from rationing. These products have been distributed under a point system. Each person received 24 points a month.

CAPSLER REVIEW

"Annie Get Your Gun" (MGM) could hardly make, considering its running theme and its score, probably one of the three greatest songs musical shows. (Other two: "Oklahoma" and "Show Boat.") The songs remain undimmed, and the story, about Annie Oakley and Wild West shows, has been staged lovingly. No great imagination went into the filming, but the show virtually pays itself. Betty Hutton plays Annie to the hilt and is ideal. Howard Keel makes an impressive debut as the other sharpshooter. Touching entertainment.

Czechoslovak Exported Cars Badly Damaged

MONTREAL, April 24.—(CP)—The president of a Montreal firm dealing in foreign-made cars charged that a shipment of 100 Czech-constructed Skoda and Tatra cars consigned to him last week had been sabotaged en route from Rotterdam to Montreal.

Handal Cotton, president of Handal Cotton, Inc., claimed nine of the cars had been ruined and more than 50 others badly damaged. He said nearly all the vehicles had been stripped of all removable features and estimated his company's losses would amount to \$25,000.

"This is more than carelessness on the part of the shipper," Cotton said in a signed statement released to the press. "It is nothing more than a deliberate attempt to keep Czechoslovakian cars out of Canada."

Strike-Bound Canadian Ship To Sail Again

TACOMA, Wash., April 24.—(AP)—The Seaboard Enterprise, a Canadian steamship tied up here since May 18, 1948, will leave Tacoma for Vancouver, B.C., next week, the News Tribune said Saturday.

The vessel, the newspaper said, will be chartered by the British government to carry wheat and lumber from Vancouver to the United Kingdom. The ship is owned by Triton Steamship Co. of Montreal.

Her first sailing was expected in mid-May. She will be manned by a Canadian crew before leaving here, the newspaper reported.

Capt. J. V. Bray brought the vessel to Tacoma almost a year ago after carrying a cargo of coal from Norfolk, Va., to Japan. At that time a Canadian Seaman's Union strike was in progress. Capt. Bray, who remained with his ship during the stay here, was scheduled to return command.

EDMONTON BULLETIN, Monday, April 24, 1950

Editor Retires

LONDON, April 24.—(AP)—The Sunday Times announces the retirement of William Walter Hadden, its editor since 1902. He will be succeeded by the assistant editor, H. V. Hudson. Hadden, 64, entered newspaper work 60 years ago.

"I Hate Him, But . . ."

Monday mumbings . . . and here's what Joe Page, the one-man fire department of New York Yankees says of Boston Red Sox manager Joe McCarthy: "I hate him, but he's a great manager."

Page's dislike for the dour McCarthy dates from when the latter called the shots for the Yanks, and once gave Page an unmerciful—and undeserved—verbal going over in front of the whole club.

Add down memory lane dept.: Harry Pettis, a baseball headliner at Boyle street diamond in the early 1930's, is in the city by his Prince George, B.C., home, and finding time to look up a lot of old friends. These would include Johnny McDonald, Ed McHugh, Ken Duggan, Dan Carrigan and more. Harry Pettis, like brother "Gub" was a colorful athlete.

Add this one up: Goals: Bev Bentley, supposedly signed with Regina Caps for next season, informs us that he's really going to wind up with Milwaukee.

That Regina story was mostly for publicity: Bentley says . . . Whatever because of Dick Howe, the one-time South Side boy who played a lot of goal in his time?

Sign-of-the-times item: A certain Western Canada Hockey league performer of the past season turned down a two-year \$18,000 bid from a NHL organization last autumn.

Fastballers Install PRO

Senior Men's Fastball league has set up a press relations bureau. Three vice-presidents in charge of tub-tamping are Sammie Kibben and Ross MacBeth. The trio called in the other night and appeared dead serious about making a good job of the new job. . . . Says a reporter: "Splendid showing made by the young Kibben and MacBeth, a great credit to expose the whole Flyer set-up. I'm afraid you're getting to be a homer." . . . There's nothing wrong with the Flyers that the inclusion on the squad of two or three new faces will not cure. Also, the Flyers' manager, who would suggest that the Exhibition Association could well afford to have both a coach AND manager, instead of juggling Frank Currie with "Jub". In my opinion, NOBODY can handle these two exacting—and very different—roles without one or the other (maybe both) being shortchanged.

Golfers will get a big bang out of a fairway feature titled America's Smoothest Golf Course—in the latest Satepost (plug) . . . Whatever because of Jug McSpaden?

Report went the rounds at the week-end that Al Rollins, ex-Flyer goalie, now in the Toronto Leaf chain gang, was visiting relatives in the city. There was nothing to it.

Six, Two and Even

Neither Flyer Bovine nor Paul Bailey is likely to ride on the prairies this season. Both jocks alighting their home at Lincoln Downs, Rhode Island, and at last accounting did not plan to head west. Bovine and the rough-and-ready Bailey rate with the best ever to visit the Winnipeg circle hereabout. Style item: Cleveland Indians' outfielder Larry Doby is wearing his baseball bloomers at knee height this term. Formerly the Doby "jeans" were ankle-length.

Baseball Canada, a pretty ordinary outfielder with those Eaks and Cubs of the Big Four loop a year ago, is playing in the Class C California State league. Canepa was well-remembered in the ball so "foolish". Add social note: Bill Price, of the baseball-basketball set, will be married here next month. Currently he's out on the west coast, but he's hoping a rather one-nighter "hookers" basketball club, which has been kicked off by Manitoba "U" in the Western Canada senior men's final.

The insiders are betting a title coach around Saskatchewan that will be announced shortly. . . . Yeah, Detroit!

MUNY MEETS FRIDAY NIGHT

Edmonton Women's Golf Tourney in July

Annual Edmonton Women's golf tournament is scheduled for July 10-14 at Mayfair, according to word received from local lady president Helen Jordan.

The city junior championship will be run off at the same time. Dates for the provincial tournament are July 24 to 28, inclusive. This year is scheduled for Calgary's Country Club course.

Meanwhile, thousands of golfers thronged the fairways again over the week-end. Cold, unseasonable weather made play somewhat unpleasant yesterday, but Saturday was ideal for local pitch-and-putters.

Municipal will hold its annual meeting Friday night in the club house. Among the recent assets acquired are many new 2½ inch power mowers and two new units of motor power.

Pettie Third at Kansas Meet
LAWRENCE, Kas., April 24.—(AP)—Charlie Parker of Texas edged Tulsa's Paul (Big Legs) Bryant by one stroke Saturday in winning the 109-yard dash, spriting feature of the Kansas meet in the first of 95 seconds.

Don Pettie of Calgary, a student at Drake University, was third and Jerome Bittie of Denver, who tied Pettie for the best time in the preliminaries, in the 200 yards in the final 20 minutes to finish the Big Six Hockey league All-Stars 7-6 yesterday.

Thrilling Win
PINEBLUFF, N.C., April 24.—(AP)—The home team won the 37th hole carried William C. Campbell of Hamilton, W. Va., by a thrilling one-up victory over Wm. K. Spencer of Newport News, Va., Saturday in the final of the North and South Amateur Golf championship. The two had halved the last four holes with the regulation 36-hole rule after never having been tied in two holes apart.

CALGARY, April 24.—Down 3-1 at the end of the second period, the Leafs came back with a blistering six goal attack in the final 20 minutes to edge the Big Six Hockey league All-Stars 7-6 yesterday.

Watson will be using this hold, among others, when he opposes Lou Newman in a raising exhibition at the Stock Pavilion tomorrow night.

Westlake Hits Aa Ralph Kiner

NEW YORK, April 24.—(CP)—Pittsburgh's rollicking Pirates soon may have a private feud going on in their outfield. But the nice part about it is that the feud could mean a lot of victories to the National League club.

Ralph Kiner the 1949 home-run king, this season appears to be in for a fight, for the time being at least, to keep that honor. His mate, Wally Westlake, has blossomed as an opponent.

Westlake yesterday delighted 18,000 Red fans by slamming three home runs in three days as the Pirates defeated Cincinnati Reds 5-3 for their fifth win against one loss.

Kiner thus far has only two home-batters. Buco also doubled the Reds 9-2 Saturday.

In other National circuit games yesterday, Philadelphia's rebuilt Braves and Philadelphia's young Phils split a doubleheader, the Tribe taking the opener 4-3 and the Phils winning the nightcap 6-5. Boston took a Saturday game with the Phils 2-1.

Over in the American loop, Cleveland Indians, behind the stellar play of pitcher Bob Lemon, grabbed both ends of a twin-bill with the St. Louis Browns. Indians won the first 4-2 and the second, called at the end of the seventh because of darkness, 7-5.

Boston Red Sox and Philadelphia Athletics also split a doubleheader as the A's won the first 5-4, and the Sox the second, 12-3. Chicago White Sox edged Detroit Tigers 5-4 to take their first win of the season and snap Detroit's four-game winning streak.

In other Saturday games, Cleveland whipped Chicago 4-0, Cleveland whipped Philadelphia 4-5 in 10 innings and Washington beat New York 10-16 in 10 innings. Brooklyn defeated New York 7-6 and Chicago edged St. Louis by the same score.

WALKS BEAT REDS
Westlake provided the batting gem in Pittsburgh's win over Cincinnati, but five walks won the game for the Buccs. Wally Frampton, Red catcher, slugged a four-bagger with one on in the sixth to knock the game to 3-2.

Then in the Pittsburgh half of the same inning, long pitcher Frank Smith walked three Pirates after fanning Westlake. After he walked Ted Heard to fourth in the fourth pitch, Sam Smith gave way to Ewell Blackwell, who walked in another.

Six Gorton homered for Boston and Red Sox connected with a four-bagger for the Phils, as Philadelphia won 6-5.

PARNELL WINS FIRST
Tom Wright, slugging for Ted Williams, and Al Zarilla each hit three times and lefty Mo Marchi hit twice over the regulation 36-hole rule after never having been tied in two holes apart.

CALGARY, April 24.—Down 3-1 at the end of the second period, the Leafs came back with a blistering six goal attack in the final 20 minutes to edge the Big Six Hockey league All-Stars 7-6 yesterday.

Tyrell Paces Calgary As Fort Frances Dumped 5-2

CALGARY, April 24.—(CP)—Ross Tyrell moved up from junior ranks Saturday night and then scored three goals to pace Calgary Stampede to a 5-2 victory over Fort Frances in the fourth game of their Western Canada senior hockey final.

Win gave Calgary a 3-1 lead in the best-of-seven series, with the fifth game scheduled here tonight.

Stampede won the first and third games 11-0 and 8-1 and dropped the second 4-2. Winner of the series moves into the Canadian final for the Allan cup.

Tyrell, a crew-cut youth who played with Calgary Buffaloes this season, replaced Archie Scott as centre on a line with veterans Don Grant and Stan Devick. Scott was forced from the game with a knee infection.

Other Stampede marksmen were Grant and Johnny Millard. Fort Frances goals were scored by Willie Tomlinson and defenceman Jim Lemieux.

Tyrell started Stamps off at 2:30 of the first period when he picked up a loose puck in the Fort Frances zone. He went around behind the Canadian's net and had little trouble making the puck past Ed Phillips.

Calgary moved ahead 2-0 when Grant and Devick passed from Tyrell and blasted it past the startled Phillips.

Calgary scored their first goal on the next face-off. Butch Peterson fed the puck to Tomlinson, who hit it (shot at Dertell) from 20 feet out. Dertell appeared to make the stop but the puck dribbled through his legs.

Canadians then held the score in the second period on Lemieux's counter. But Tyrell drove back minutes later to put Stamps back in the lead.

Calgary posted a long-goal lead early in the third period when Millard and Tyrell, who had a 10-0 lead, scored at 2:33 on a hard shot from 30 feet out.

Both squads were hindered by the strong wind which prevailed throughout the game.

Community Leagues Meet Tonight
Sports committee of the Federated Community Leagues will hold a meeting tonight at 8 o'clock in the Recreation Commission building.

Purpose of the meeting is to organize a football league among all communities.

Garneau Bowlers Meet Wednesday
Garneau Lawn Bowling Club will hold their annual meeting in the club rooms on Wednesday night at 8 o'clock.

All members are asked to attend as the election of officers will follow.

Ponder Nips Old Rockport
SAN BRUNO, Calif., April 24.—(AP)—Calumet's 1940 Kentucky Derby winner, Ponder, came from far back to score a neck win over Old Rockport, Grand National, in the \$50,000-added Tanforan Handicap.

A crowd of 22,000 watched Ponder triumph in the time of 2:02 2/5 for the 1 1/4 miles.

NBA TURNS ATTENTION TO EZZARD CHARLES

WASHINGTON, April 24.—(UP)—The National Basketball Association turned its attention to boxing today and told him to report for a physical examination.

The NBA's executive committee said it wanted to find out whether the negro batter from Cincinnati was well enough to defend his crown.

"Contending" reports about him have reached the 20-man committee since Charles twice postponed title fights against Freddie Beahere.

The examination will determine Charles' future activities and the date of his possible return to the ring, the NBA announced.

Legion Juniors Plan Drill
North Side Junior soccer squad will hold a practice tomorrow night at 7 o'clock. Site of practice to be announced in tomorrow's paper.

All players interested are asked to attend.

Price-Andrews' Pontiac will hold a practice tomorrow night starting at 8:30 at Victoria park, high school grounds. All asked to report to Nan Gray or Sammy Kiewit.

MEETS REGINA

Montreal East Junior Puck Kings

TORONTO, April 24.—(CP)—The Montreal Canadiens earned the right to meet Regina Pats in the Canadian Junior Hockey final by beating Joseph Blumens 3-3 last Saturday night before a crowd of 11,704 fans.

The victory gave the Quebec champions the best-of-seven final 4-2 and the right to defend the Memorial cup won last year by Montreal Royals. Canadiens and Regina Pats open the best-of-seven final in Montreal April 27.

The defeat ended a series of upset wins by the underdog Blumens who finished fourth in the Ontario Hockey Association's regular schedule and kept sliding the favorites until they hungared against Canadiens.

Centre Al Gould led Canadiens to victory with two goals. Other Montreal marksmen were Bill Stennett, Dick Moore and Ken Derry. Goals by scores were Ron Plumb with two and Andy Blahgite with one.

Price-Andrews' Pontiac will hold a practice tomorrow night starting at 8:30 at Victoria park, high school grounds. All asked to report to Nan Gray or Sammy Kiewit.

Canada Said On Brink Of Buoyant Growth Era

SARNIA, Ont., April 24.—(CP)—Prime Minister St. Laurent said Saturday Canada stands on the threshold of an era of buoyant growth.

By Doug How

He said existing tax rates would not produce enough revenue to meet federal government expenditures. "If economic conditions were to become adverse and national income were to fall," But he came up with these optimistic prophecies.

Bank Clerk Claims Share Of Treasure

REGINA, April 24.—(CP)—More than 350 years ago a storm-battered Spanish ship, the *Duque Florencia*, foundered off the rocky coast of western Scotland. Her cargo, valued by current standards at \$800,000 in gold, went down with her.

Sinking of the treasure ship may mean a small fortune to Mrs. Estelle Valerie Barker of Regina and her son, Colin.

Mrs. Barker says she is a direct descendant of the original owner, the Duke of Argyll, to whom the salvage rights were given by King James I. If the treasure is brought to the surface by the Royal Navy, she was engaged on salvage work at Tisbury, she says she believes she will inherit a share.

DOWN IN 1888

The *Duque Florencia* is believed to have been the shipwreck of the 18th-century Spanish Armada, which sailed for England in 1588. The *Duque Florencia* was one of several ships sent out in an effort to reach home by sailing around Scotland.

Treasure-hunters are usually concerned with the finders, not the owners. Mrs. Barker says she is a direct descendant of the original owner, the Duke of Argyll, to whom the salvage rights were given by King James I. If the treasure is brought to the surface by the Royal Navy, she was engaged on salvage work at Tisbury, she says she believes she will inherit a share.

Arctic-Bound Canoeists Stop At Edmonton

SAGINAW, Mich., April 24.—(CP)—Two men stopped today at the mouth of the Saginaw River today to begin a trip which they expect will take them to Alaska, 5,000 miles into the Arctic ocean, in about four months.

Organizer of the trip is Emerson Scott, 30. He has two good associates, a five-horsepower outboard motor and a strong outdoorsman, Raymond Dissen, 26.

Scott, who spent two summers in Alaska before the war, has been planning the trip for 12 years. He says he'll have to make a long hike every day on the average to reach Alaska on schedule.

The two-man expedition will move through the upper lakes and along boundary waters to Lake of the Woods, through Lake Winipeg and up the Saskatchewan River to Edmonton. There the pair will strike north to the Peace and Slave Rivers to Great Slave Lake, which connects with the huge Mackenzie River.

Scott and Dissen won't have to paddle home from Alaska. They plan to fly the return route.

Seven Blocks Of Personality Are Outlined To Academy

By PAUL F. ELLIS
Exclusive To The Bulletin

WASHINGTON, April 24.—(CP)—Seven "building blocks" of personality that make up personality were laid out today by a National Academy of Sciences.

Dr. L. T. Thurstone, professor of psychology of the University of Chicago, and the "blocks" are responsible for basic differences in personalities of human beings.

No. 1 was pressure for activity. A person whose personality is high in this factor, Thurstone said, is "out there" in the "go" harness and look in the distance. Such a person would walk fast, drive fast and also fast.

JOHN HANK LOW

Thurstone listed three others:

2. Masculinity. Persons high in this factor take action in the face of danger, and like to work with tools.

3. Impulsiveness. Persons with high scores in this area are not happy-go-lucky, carefree, dreamy dreamers. They act on the spur of the moment, make decisions quickly and like competition. A person who has high scores in this factor is a "go" person.

4. Dominance. High scores in this factor are associated with a sense of initiative. Furthermore, they are the persons who enjoy negotiating a new project, presiding at meetings. They like to persuade others.

5. Emotional stability. High scores in this factor indicate a person who is not easily upset. A person who has high scores in this factor is a "go" person. They are not easily upset. A person who has high scores in this factor is a "go" person.

NEW BEAU Charles Black, and movie star Shirley Temple attended recent Bachelors' Ball in San Francisco. Shirley denied reports she and wealthy Honolulu man are engaged and also refused to say whether she would marry Black when her divorce from John Agar is finalized. Shirley and small daughter vacationed in Honolulu after marriage with Agar went on rocks.

Editors Ponder Effect Of Comics On Children

WASHINGTON, April 24.—(AP)—The editors of the United States asked themselves and their comic artists today whether comic strips laden with sex and crime will some day make them unanswerable for "damage done to the American youth."

Two of the top artists, Al Capp of "L'il Abner" and Milton Caniff of "Steve Canyon," defended their craft as being one in which virtue is conspicuously rewarded. Caniff had the last word.

"The editor is the key to the issue," he said. "If he tells me I'm wrong, he can leave the strip out of the paper, he can cancel it."

But the debate was not over. The war between editors and artists as editors asked whether their "grave concern" over unfunny funnies in a forum at the American Society of Newspaper Editors' annual meeting.

James B. Pope, managing editor of the Louisville Courier-Journal, led the assault for the editors along with Norman Isaacs, managing editor of the St. Louis Star-Times. A questionnaire circulated by him to fellow editors, Pope said, showed them bothered by these problems.

See: There was concern but less than expected. The problem of "sex and crime" has been greatly improved, Pope said, perhaps because of the public reaction against sensational comic books.

BIG UPBRISING

Propaganda: A "tremendous upsurge" of editors against any form of comic-strip propaganda was revealed. "Editors seem to want to pick out their own targets for editorial crusades," Pope suggested.

And: The comics are not funny. In Canada, publishers, sellers and distributors of crime comics are subject to prosecution under the Criminal Code. A bill to this effect aimed at dime crime comic books—not at comic strips in newspapers—was enacted last year by the Dominion government.

Poets Honored

LONDON, April 24.—(AP)—A commemorative service was held Sunday in historic Westminster Abbey for two of England's greatest poets—William Shakespeare and William Wordsworth. The service marked the 360th anniversary of Shakespeare's birth and the 100th anniversary of Wordsworth's death.

Watson's Men's Shirts and Ties are their soft feel, their perfect fit, their durability, the comfortable full elastic waistband on the shorts. No buttons. Easy to wash. No ironing.

Compare values, and you'll select Watson's every time.

Ask for Watson's "5355" Cross-Cross French Shorts if you prefer a gentle support; for Watson's "5122" Sport Shorts if you like a firm, full elastic support. Sold at good stores from coast to coast.

New Defence Era Seen By Ottawa

Claxton Returns From U.S. Following Tour, Discussions

By John Downey
Special to the Bulletin

OTTAWA, April 24.—(BUP)—Defence Minister Brooke Claxton's purposely guarded comment on his two-day view of American firepower in action was interpreted today as heralding a new phase of Canadian-United States military cooperation.

Claxton went back to his desk after closing conferences with President Truman and Defence Secretary Louis Johnson and a two-day tour of U.S. installations—two-day tour of U.S. installations—two-day tour of U.S. installations.

Under any pooling system, Canada likely will concentrate on Arctic equipment. This was regarded as a foregone conclusion since Canada's snowmobiles, winter clothing and special cold-weather rifles were far superior to those of the United States.

Ex-Treasurer Is Committed

LAC LA PIERRE, April 24.—(BUP)—The Supreme Court trial Miss Yvonne LaSalle's case on a charge of arson, the former secretary-treasurer of the school district will also face 30 charges of libel and forgery.

Miss LaSalle was committed for trial over the weekend. Evidence was heard on four charges and it was waived on 26 charges. There are approximately 350 charges in all to be heard involving about \$200,000.

Flight Saves RCAF Employee

MONCTON, N.B., April 24.—(BUP)—An injured civilian employee of the RCAF was flown to hospital here yesterday from Loney Fort, where he was in the wilderness of northern Quebec.

Gordon B. Allen was seriously injured in an accident Saturday and Sunday in the area of the RCAF base, where he was in the wilderness of northern Quebec.

Fishing Boat Tips; Three Youths Die

WALPOLE, Ore., April 24.—(AP)—Three youths were drowned Sunday in the area of the RCAF base, where he was in the wilderness of northern Quebec.

Police said circumstances surrounding the mishap were not clear.

Coast Mayor Presents Totem Pole To Sydney

SYDNEY, Australia, April 24.—(BUP)—An totem pole will be presented to Sydney and an honorary citizenship of British Columbia Indian tribes will be conferred on Sydney's mayor, E. O'Dea, by Vancouver's mayor Charles Thompson who arrived here today by air on a goodwill visit.

Mayor O'Dea will then be "Chief Southern Blue Waters."

Mayor Thompson said the presentation of the pole and the citizenship were suggested by the Indian tribes along the British Columbia coast.

High-pressure water jet firefighting systems are effective in "splitting" fires of gasoline on concrete test slab. High-pressure equipment was found to be four times as effective as low-pressure units.

Rescue Plane Finds Cut-Off Hermit Well

HALIFAX, April 24.—(BUP)—The hermit of Crampton Island wasn't worried when an ice jam blocked the straits between his home and the shores of the Bras D'Or Lakes.

It made him all the more isolated.

But the RCMP said they had seen no sign of life on the island for nearly three weeks and feared something might have happened to the hermit.

Last night an air-sea rescue helicopter landed on the island to see how he was. They found James Smith, 55, well and happy. He said he was getting along fine and he was surprised that anyone was worried about him.

Aid For Fishermen

ST. JOHN'S, Nfld., April 24.—(BUP)—The federal government will help Newfoundland sell her salt codfish to Europe during 1960 over the existing quota of 10,000 tons. It was announced in a statement from Fisheries Minister Mayhew.

Civilizing the Indian

Just read a book, that is Mr. Groulx's public library on Friday, and he said: "I am not sorry for the Indian."

Here's the way I figure things after reading that book.

Indians very uncivilized. Indians have tribal wars that kill 200 or 300 Indians.

White men much more civilized. When white tribes go to war they kill 200,000 to 400,000 with one bomb.

Indians are very barbaric. When Indians were out, chiefs had the power in front of the warriors and smoke.

White men more advanced. White men hold big peace conference in gold palaces. Much talk of brave new world, four freedoms and existing brotherhood.

Indians very backward about money. Use beaded belts called wampum that will do as suspenders to hold up pants.

White men very clever about money. When white men make money they use it on government taking.

Indians very stupid about money. When white men make money they use it on government taking.

White men very smart about money. When white men make money they use it on government taking.

Indians very stupid about money. When white men make money they use it on government taking.

White men very smart about money. When white men make money they use it on government taking.

Indians very stupid about money. When white men make money they use it on government taking.

White men very smart about money. When white men make money they use it on government taking.

Average Man Aim Of Housing Plans

Builders' Association Thinks
Of Lower Income Owners

WINNIPEG, April 24.—(CP)—The little man will be king of this year so far as the building industry is concerned.

Fire Imperils Atomic Plant

BERKLEY, Calif., April 24.—(UP)—The Federal Bureau of Investigation investigators of a fire which endangered giant atomic smelters vital to the nation's research program at the University of California's atomic project.

The fire broke out yesterday in building 6, a two-story structure used for administration, drafting and engineering. The building was destroyed.

Building 8 is one of a dozen in the atomic project area. The other buildings include concrete structures housing the school's 144th section, a lecture hall and a large atom-smelter still under construction.

A. A. Barton, manager of the atomic laboratory, described the fire as a "serious loss."

He declined to go into details, but it appeared that the burned building may have contained plans for other data used in experimental work for the Atomic Energy Commission.

Red Chevrons Pay Tribute

Seventy-two members of the Edmond Hotel Club gathered Saturday afternoon observed the 35th anniversary of the second battle of Ypres.

Main speaker at the dinner in King Edward Hotel was Mr. L. J. George, who told of his three years' activities with the French underground during the second world war.

Before the anniversary banquet, 40 members of the club turned out for the wreath-laying ceremony at the cenotaph. Past president L. J. Dent and Col. Louis Ross were in charge of the ceremony.

The dinner was the 31st held by the Edmond veterans of the famous battle in which gas was used for the first time.

School Inspectors Open Conference

Conference of Alberta school inspectors opened today at Garneau school auditorium with more than 60 inspectors attending the annual meeting.

Hon. Ivan Casey, minister of education, welcomed the inspectors. Other department officials who spoke were Dr. W. H. Swift, deputy minister, and W. J. Frame, chief superintendent of schools.

During the week-long conference, advanced reading methods in schools will be discussed by Mrs. T. S. Greig, reading consultant for the W. J. Gale Text book publishers of school text books.

U.S. Plans To Stay In Germany 5 Years

FRANKFURT, Germany, April 24.—(Reuters)—The American armed forces in Europe have been ordered to plan for another five years occupation of Germany. It was learned during the weekend. Commanders were asked in a directive to submit a master plan for their command today at their installations, housing and facilities based on planned strength during the five-year period.

ABRUPT MOVE

'Unworthy' of Office, Refuses To Be Bishop

VIENNA, April 24.—(AP)—Mgr. Franz Janysek refused a nomination yesterday when he refused to front of the altar of the famous St. Stephen's cathedral to be ordained as a Roman Catholic bishop.

Already deposed as a bishop, Mgr. Janysek abruptly declined to take the oath before a disfigured assemblage of several thousand gathered for the ceremony.

He told Theodor Cardinal Invernizzi in Latin: "I am not in Germany, that he felt himself unworthy of the office. Without further explanation, he left the church."

Pope Pius recently had bestowed on him the rank of archbishop-elect in Vienna to assist Cardinal Invernizzi, head of the Roman Catholic church in Austria.

It was in his own office, however, that he was officially deposed. Mgr. Janysek was deposed in a letter sent to him by the pope.

He told Theodor Cardinal Invernizzi in Latin: "I am not in Germany, that he felt himself unworthy of the office. Without further explanation, he left the church."

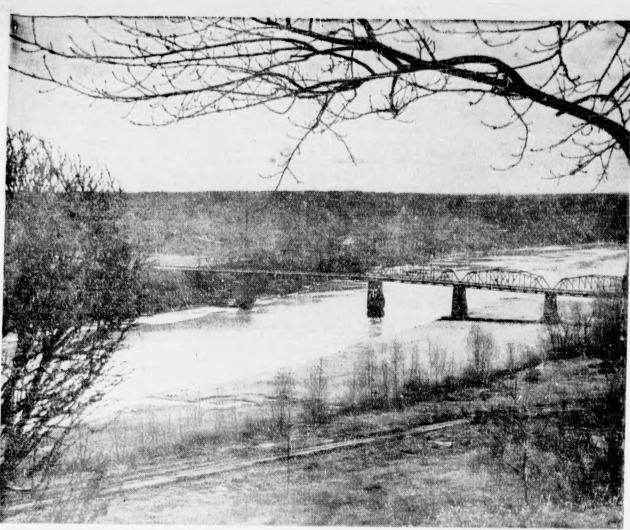

It was in his own office, however, that he was officially deposed. Mgr. Janysek was deposed in a letter sent to him by the pope.

GLIMPSE of flowing North Saskatchewan River eliminates any idea of flooding in Edmonton district. This shot is of area at Dawson street bridge. As

ice went out, authorities said only fear of flood would come from heavy and sudden mountain runoff, or through heavy, early spring rains.

New Drug Hits Ulcers By Cutting Down Acid

PHILADELPHIA, April 24.—(UP)—A new drug which provides a double-barreled attack on stomach ulcers was reported to the American Chemical Society.

THIS ALIBI DOESN'T WORK

ALBANY, N.Y., April 24.—(AP)—It's a new alibi that didn't stand up. A state game protector came upon an out-of-season grouse who just had shot a grouse in flight.

"I thought it was a rabbit," the hunter said.

Start On St. Lawrence Project Said Essential

WASHINGTON, April 24.—(AP)—The secretary of the Interior, Charles Sawyer, said today that compelling considerations call for the construction of the St. Lawrence seaway and power project.

Sawyer said the huge project of representatives public works committee the \$800,000,000 project is "essential."

The undertaking would be a joint one by Canada and the United States.

The committee will hear proponents of the long-delayed seaway and power project during the next two weeks. Opponents will have a chance to testify after that.

SCHEDULED SPEAKERS

Backers scheduled to be heard include State Secretary Dean Acheson, Army Secretary Frank Pace, Interior Secretary Oscar Chapman, and Sen. Fulbright.

"The importance of these two purposes had grown through the years. Today the opening of the Great Lakes to coast-guarding traffic and the harnessing of the waters of the St. Lawrence have become not merely desirable for national progress, but essential to the economic and national security."

Sawyer noted that the railroads of the United States, particularly those in the east, long have depended on the seaway. He denied it would seriously damage the country's railroad system.

"The seaway will be a joint one by Canada and the United States."

Pope Pius recently had bestowed on him the rank of archbishop-elect in Vienna to assist Cardinal Invernizzi, head of the Roman Catholic church in Austria.

It was in his own office, however, that he was officially deposed. Mgr. Janysek was deposed in a letter sent to him by the pope.

He told Theodor Cardinal Invernizzi in Latin: "I am not in Germany, that he felt himself unworthy of the office. Without further explanation, he left the church."

UN Members Divided On Children's Aid Plan

By Norman Altschuler
LAKE SUCCESS, N.Y., April 24.—(CP)—United Nations members are divided about what is the best way to help the world's underprivileged children.

The first round of the battle was won at the weekend by those favoring unchanged continuation of the United Nations Children's Emergency Fund—which has spent about \$100,000,000 within the last four years for mass feeding, health and other programs around the world.

Britain, the United States and Canada were the only countries in opposition when the UN Social Commission voted 2 to 3 for "an interrupted" continuation of the fund. The opposition was a shift in emphasis from "emergency" to "long-range" measures.

But Arthur J. Altmeyer, representative of the U.S.—which has provided the biggest share of the fund—said notice his country would fight the commission decision. It comes up for final approval in July before the economic and social council.

R. B. Curry, Canada's national director of family welfare services, tried to steer a middle course between the U.S. and the backers of an unchanged "UNICEF."

The Canadian government has contributed \$100,000 since 1946 and an estimated \$1,500,000 has been raised by private subscription in Canada.

Second place in the men's section, won with \$30,000 scholarship, goes to Pierre Houle, 25-year-old Quebec city tenor.

Miss Marshall, who has appeared as guest soloist with the Toronto Symphony Orchestra and on a number of radio concert programs, receives a \$1,000 music scholarship. In 1949 she was second in the women's section.

Senior men's award goes to 28-year-old Abraham Sarfudin, Montreal area tenor. The young tenor receives \$100, his first complete singing award.

Two young sopranos tied for second prize in the women's section. They were Doreen Hume, 23, of St. Mary, Ont., and Andrea Levitt, 24, of Montreal. Both received \$500 scholarships.

Second place in the men's section, won with \$30,000 scholarship, goes to Pierre Houle, 25-year-old Quebec city tenor.

Edmonton MP To Head Gov't Group To ILO

OTTAWA, April 24.—(CP)—A. F. Macdonald, Liberal member of parliament for Edmonton East, and leader of the industrial committee of the Commons, will head Canada's delegation to the preliminary conference on migration of the International Labor Organization, Labor Minister Mitchell announced today.

The conference is being held at Geneva over the two weeks starting tomorrow.

Alternate delegates are O. C. Gray, of the department of immigration and immigration, and S. H. McLaren, executive director of the International Insurance Commission.

The conference will discuss migration of the United Nations, Green, and measures needed to organize migration on international and national levels.

Rail Unions Say Board Terms Are Unacceptable

MONTREAL, April 24.—(CP)—The joint negotiating committee of the Canadian Brotherhood of Railway Employees and the Brotherhood of Locomotive Engineers today announced that the Wilson board of conciliation's recommendations for a settlement between Canadian railways and the unions is "entirely unacceptable."

In announcing the decision the committee said that federal labor minister Mitchell had been advised of the decision by telegram.

The dispute involves 35,000 railway employees who are demanding a 10-cent-an-hour wage increase, five-day, 40-hour week and check-off of union dues.

The building property of John Zahary, is being handled by Marjorie Beal, Beale and her husband, who are in a meeting with the city police commission.

Buy Yourself A New Fur Coat Now!

EATON'S Travelling Fur Promotion

EATON'S presents their showing of luxurious fur coats and fur neckpieces. All are newly made garments, new 1950 style made from fine grade skins specially selected to EATON'S specifications! All are thrillingly priced... savings on each group!

Mr. Eudore Chevrier, Fur Expert for EATON'S is in charge of this Travelling Promotion. He will be pleased to assist you with any of your fur problems... advise you when you purchase your new coat!

Hudson Seal Coats

(North American Dyed Muskrat)

If you know fine furs, you'll choose Hudson Seal because of its incredible softness, its high gloss... and because you know it will serve you warmly and durably! The coats in our collection are new in length, with the new natural shoulder line that fits smoothly over suits... and large collars that are so nice to snuggle into on cold days, or to throw back for more dressed-up occasions. Sizes 12 to 44 collectively. Trimmed with Mink or grey Persian Lamb. EACH.

\$550.00 to \$595.00
